Let us help you focus on what really matters—students and their success

Immediately following implementation, our K-12 district users experience consistent benefits and results.

Higher productivity

- Instant access to student files via FileBound Connect
- Faster ability to scan, index, search, and retrieve documents
- Record request processing now takes moments
- Staff can multi-task effectively, including scanning of records, from their desks

Increased cost savings

- Reduced hard costs (paper, toner, storage space, etc.)
- Decreased soft costs including resources spent managing paper and completing record requests
- Saves time and cost of conventional mailing—records stored in FileBound or Skyward can be easily emailed

Effective record security

- Secure file scanning into central repository
- Controlled security through both individual users and group profiles
- Permissioned access at the page, document, or file level
- Ensures retention compliance with state and federal mandates

Greater employee satisfaction

- Equipped to respond to requests in a timely manner
- Provide records quickly and effectively for student success
- Prepared to handle future growth of district

FileBound quickly delivers documentation and records specific to the student without leaving the Skyward interface. Fulfilling student record requests, processing student services, and providing documentation is no longer a laborious effort.
